

Last opportunity to redeem your soul before Judgment Day!

!!! Teaser !!!

A brochure based on the Veda (traditional spirituality of India), the Bible and the Quran, inspired by Jesus – whom I met in Heaven during a first near death experience then who, years later, appeared to me, requesting me to testify – and archangel Gabriel, with whom I bonded during a second NDE

Because a number of people who can access the Internet couldn't access my full unadulterated website or were allowed to see it but were forbidden to share it and to request empowerments to lay hands, plus it took HOURS of CONTINUOUS automated retries before the stupid stubborn Satanist pirates who are on my back 24/7 let me update the home page, I am not going to try to teach via Internet any more until no one is prevented from becoming my student and receiving my help to redeem the soul they sold.

Having a complete unadulterated copy of my pdf brochure – which I can hand out to my friends and people I know on a USB key according to the instructions I will occasionally and for as long as necessary display on my car's window panes – or a printed copy or a loyal as possible translation, is now necessary to join the worldwide satsangs (silent gatherings) I facilitate twice a month.
